Ashden,

I will do my best on the notice issue. I understand that you need to have sufficient notice in order to coordinate movement of PFC BM.

Thank you for checking into the JRCF move for me. As soon as you find out anything, I would appreciate a heads up.

Best,

Ashden,

When do you want to coordinate speaking with Mr. Cindrich? I would like to try to knock out a stipulation of expected testimony by Monday. I believe we should be able to complete this easily enough if we coordinate a conference call and ask him questions based upon the Defense's proffer, Mr. Cindrich's previous MFR, and anything that he may have previously said to you. Let me know your thoughts on the issue.

Second, please coordinate to have PFC BM at Fort Meade TDS on 15 January at 1330.

Finally, do you know if PFC BM will be sent back to the JRCF after next week's hearing?

Ashden,

This is a 180 degree departure from what he was saying to us. He stated he understood that CPT Tooman was a defense counsel, but felt more comfortable having someone on active duty as part of the conversation. During our conversation, he suggested minor changes to the declaration (which I subsequently made based upon his guidance). He ended our conversation saying that he thought "everything in the declaration was accurate," but wanted to verify some of the information on CALL's mission because "the mission of CALL had changed slightly in the past couple of years." He also said that he really appreciated the opportunity to speak with me, and felt much more comfortable after speaking with me.

Instead of playing the game what did Cindrich tell you, I suggest we just bring him as a witness.

Best,
David

David,

After you spoke with Mr. Cindrich today, prior to the 1500 scheduled meeting, and sent out your updated proposed declaration, Mr. Cindrich called our office and I spoke with him. Mr. Cindrich was/is very concerned about what he is required to do and stated that he was concerned because he was confused this morning when you called him ahead of the 1500 scheduled meeting. He further explained that he was confused that CPT Tooman was not representing the government, although he was a judge advocate and that the declaration you sent out this afternoon was not accurate and he did not want to "have to sign it."

I explained that he did not "have to sign any declarations" if he chose not to sign one. After I explained to him the purpose of the 1500 meeting (both parties discussing his proposed testimony), he seemed ready to have the meeting. We hung up the phone with the common understanding that he was ready for the 1500 scheduled meeting. His cancellation was/is a surprise to us as well.

David,

1. As I received this email I was on the phone with the LVN OSJA. They are in contact with Mr. Cindrich and are assisting us in getting him to respond to our phone calls and emails. Once we connect with him, we will try to setup the conference call. Your plan is good, but it is dependent on his availability. At this point lets plan on Monday, but we will need to be flexible and possibly have the call on Tuesday. Of course all this is dependent on his cooperation, which hopefully we will be able to gauge this afternoon.

2. We will start coordinating having your client at the TDS office the day before.

3. I will find out what the plan is for his confinement location after next week's hearing.

Ashden,

When do you want to coordinate speaking with Mr. Cindrich? I would like to try to knock out a stipulation of expected testimony by Monday. I believe we should be able to complete this easily enough if we coordinate a conference call and ask him questions based upon the Defense's proffer, Mr. Cindrich's previous MFR, and anything that he may have previously said to you. Let me know your thoughts on the issue.

Second, please coordinate to have PFC BM at Fort Meade TDS on 15 January at 1330.

Finally, do you know if PFC BM will be sent back to the JRCF after next week's hearing?

Josh,

Thank you. Please submit a memorandum requesting the clearance and access level for the paralegal. We understand that all the defense members have been provided these clearances up to this point, but now that we are moving into the trial phase and discovery appears to be over, we will need to justify why the new paralegal also needs a TS clearance, especially considering that very little of the information involved in this case involves TS information and almost none of the information the defense gave notice under MRE 505 is TS or SCI.

Sir

TS will be required since portions of the discovery are classified at that level. Obviously, we need the paralegal to be able to handle all the documents in this case, as well as discuss them with other members of the Defense team. Do you need a formal memorandum or will this email suffice.

Thanks,

If a TS clearance is required, we can expedite the process. The defense
will need to submit a justification for the paralegal to have the clearance,
especially considering discovery has concluded.

1. We are standing by to assist, if needed.

2. The Contract is awaiting funding from the J8, and once the funds come in
we will immediately notify you. This should not affect their travel. On or
after 28 December, please notify us once they settle their DTS and we will
grab them in the system.

3. The MWR facility has been coordinated with MDW, Garrison, and MWR, and
its use is approved by security. We are prepping the action for the CG and
it will hopefully be taken during the next appointment.

4. The requested Pelican cases are here and available to be picked up at
Fort McNair. Please let us know when someone will come by and we will have
them ready.

Ma'am

I have some bad news. The trial schedule has been changed, and we anticipate being in court from 5-7 December. Thus, we will need to reschedule the interviews that we have for Wednesday and Friday.

For planning purposes, our scheduled court days are 5-7 December and 8-11 January. We should have a more detailed future schedule in the next couple of days. I will pass that along when I get it.

This should not affect the interviews we have slated for Monday.

Please confirm receipt of this email.

I am one of the military defense counsel in US v. Manning. CPT Josh Tooman and I will handle the interviews of DoS personnel.

Let's schedule as much as we can during the first week of December and allow the 3rd week of December as an opportunity to conduct interviews of anyone not available during the first week of December.

It's safe to assume that we will need 90 minutes with each witness. If it becomes clear that we will need less or more time with any particular witness, we will contact you to let you know.

Although, frankly, the number of witnesses who will have time during the same 3-4 period will likely depend, in part, on how much time you're looking for with each one.

Beth,

We should be submitting our notice tomorrow to the Government. Essentially, the notice will be that we intend to discuss whatever classified information that the Government prosecutor is intending to elicit from each witness. Given the fact that this information has likely already been approved for the prosecutor's use, I would not expect a lengthy approval process.

If some of the witnesses are not available in person during the 3 to 4 day period we select, could we conduct their interviews through either secured VTC or secured telephone?

I will have my co-counsel respond to you on your two questions regarding the dates and amount of time that we will likely need with each witness shortly.

Hi David,

We have no objection to trying to schedule as many of our witnesses as possible in a 3-4 day block around U/S Kennedy's availability; that said, it is highly unlikely that all of our witnesses will be available during any one week. Given that the deadline for you to submit notice of the classified information that you intend to discuss with each DoS witness is not until November 16th and we will need some time to process the same, it seems like early or mid December (either between Dec. 3rd and Dec. 7th or Dec. 17th and 21st, given your trial schedule) is our best bet.

Could you please confirm: (1) if any of the above dates don't work for you and/or your colleagues; and (2) how much time you are looking for with each witness?

Beth,

I will coordinate with my fellow counsel to determine what would be the best times for us. Currently, we have a motions hearing from 27 November to 2 December and from 10 December to 14 December. Given, Under Secretary Kennedy's availability, I believe it will make the most sense to conduct one interview. It would also make sense to coordinate the interviews of the other DOS witnesses during the same time. Is it possible for us to schedule interviews over a three to four day period for all of the witnesses?

I understand that this request and the subsequent court-martial proceedings will have an impact on Under Secretary Kennedy and the other witnesses. Given this fact, if the Defense can determine the nature of each witnesses intended unclassified and classified discovery, we may be able to enter into a stipulation of expected testimony for most of the identified witnesses. Such a stipulation would require consent of the Army prosecutors. If we entered into a stipulation of expected testimony, then the requested witness would not need to attend the

court-martial.

Let me know if you have any questions.

Mr. Coombs,

This is just to let you know that we are coordinating with Under Secretary Kennedy's office to try to schedule a mutually agreeable time for him to be interviewed by you and your colleagues. As of now, it looks like sometime towards the end of November will be the best time for the meeting; are there any dates in the second half of November that wouldn't work from your perspective? Can you let me know how much of Under Secretary Kennedy's time you're looking for?

Additionally, our understanding from the Army Prosecutors is that you only want to discuss unclassified matters with Under Secretary Kennedy at this time; is this correct? I ask because, given the Under Secretary's schedule, it may be difficult to schedule a second interview before the beginning of February; as such, if you do wish to interview him about classified matters as well, it may be easier to schedule one longer interview that covers both classified and unclassified matters.

Sir,

I forgot to send this the other day after our conversation; I'm sorry! To recap, your expert witnesses have not been released in DTS to travel to perform their duties for the defense team. I cannot allow them to travel outside of DTS. Your experts must ensure all their other commitments (VCHs and AUTH) with other installations have been closed out so those installations can then release them and I can pick them up in the system. Please let me know if there is anything else I can do to help you out. Thank you!

Ma'am

I have some bad news. The trial schedule has been changed, and we anticipate being in court from 5-7 December. Thus, we will need to reschedule the interviews that we have for Wednesday and Friday.

For planning purposes, our scheduled court days are 5-7 December and 8-11 January. We should have a more detailed future schedule in the next couple of days. I will pass that along when I get it.

This should not affect the interviews we have slated for Monday.

Please confirm receipt of this email.

Thanks.

I am one of the military defense counsel in US v. Manning. CPT Josh Tooman and I will handle the interviews of DoS personnel.

Let's schedule as much as we can during the first week of December and allow the 3rd week of December as an opportunity to conduct interviews of anyone not available during the first week of December.

It's safe to assume that we will need 90 minutes with each witness. If it becomes clear that we will need less or more time with any particular witness, we will contact you to let you know.

Thanks.

I'm happy to look into what arrangements can be made for witnesses permanently stationed outside of Washington to speak to you. However, I think it is very unlikely that all of our witnesses will have time in their schedules (and/or access to a secure phone, if travelling) during the same 3-4 day period. Although, frankly, the number of witnesses who will have time during the same 3-4 period will likely depend, in part, on how much time you're looking for with each one.

Beth,

We should be submitting our notice tomorrow to the Government. Essentially, the notice will be that we intend to discuss whatever classified information that the Government prosecutor is intending to elicit from each witness. Given the fact that this information has likely already been approved for the prosecutor's use, I would not expect a lengthy approval process.

If some of the witnesses are not available in person during the 3 to 4 day period we select, could we conduct their interviews through either secured VTC or secured telephone?

I will have my co-counsel respond to you on your two questions regarding the dates and amount of time that we will likely need with each witness shortly.

Hi David,

We have no objection to trying to schedule as many of our witnesses as possible in a 3-4 day block around U/S Kennedy's availability; that said, it is highly unlikely that all of our witnesses will be available during any one week. Given that the deadline for you to submit notice of the classified information that you intend to discuss with each DoS witness is not until November 16th and we will need some time to process the same, it seems like early or mid December (either between Dec. 3rd and Dec. 7th or Dec. 17th and 21st, given your trial schedule) is our best bet.

Could you please confirm: (1) if any of the above dates don't work for you and/or your colleagues; and (2) how much time you are looking for with each witness?

Beth,

I will coordinate with my fellow counsel to determine what would be the best times for us. Currently, we have a motions hearing from 27 November to 2 December and from 10 December to 14 December. Given, Under Secretary Kennedy's availability, I believe it will make the most sense to conduct one interview. It would also make sense to coordinate the interviews of the other DOS witnesses during the same time. Is it possible for us to schedule interviews over a three to four day period for all of the witnesses?

I understand that this request and the subsequent court-martial proceedings will have an impact on Under Secretary Kennedy and the other witnesses. Given this fact, if the Defense can determine the nature of each witnesses intended unclassified and classified discovery, we may be able to enter into a stipulation of expected testimony for most of the identified witnesses. Such a stipulation would require consent of the Army prosecutors. If we entered into a stipulation of expected testimony, then the requested witness would not need to attend the court-martial.

Let me know if you have any questions.

Best,

David

Mr. Coombs,

This is just to let you know that we are coordinating with Under Secretary Kennedy's office to try to schedule a mutually agreeable time for him to be interviewed by you and your colleagues. As of now, it looks like sometime towards the end of November will be the best time for the meeting; are there any dates in the second half of November that wouldn't work from your perspective? Can you let me know how much of Under Secretary Kennedy's time you're looking for?

Additionally, our understanding from the Army Prosecutors is that you only want to discuss unclassified matters with Under Secretary Kennedy at this time; is this correct? I ask because, given the Under Secretary's schedule, it may be difficult to schedule a second interview before the beginning of February; as such, if you do wish to interview him about classified matters as well, it may be easier to schedule one longer interview that covers both classified and unclassified matters.

David,

We coordinated with the SRT and unit, and based on the timing of the request and this being a Holiday weekend, the command cannot support a meeting on Wednesday or Friday. The command still has not even heard back from the interagency group to coordinate movement off-post. We can assist with you meeting him at his facility if you would like to do, in lieu of Fort Meade.

Joe

Just wanted to follow up with you on our conversation from this morning and talk through the landscape/options.

1. 793s- We agree that the pled specs are LIOs. We disagree on the max, but that can be litigated and wouldn't prevent moving forward with the plea. If I understand your response motion, the Government's position is that only intangible information requires the "reason to believe" scienter and because the information in question is tangible there is no scienter requirement. Why, then, does the charged specification include that language?

2. 641s- Since we agree on the max it seems that a viable option would be to have the CG approve the pled specification to get us on the same page.

3. 1030s- Again, we agree on the max, so the issue is the wording of the pled spec. Your point about simply excepting the "knowingly exceeded" language is well-taken. We would also want to except the "with reason to believe...in violation of 18 U.S.C. 793(e)" language. That would leave a pled spec that squarely results in an LIO.

4. Spec 1, Charge II-Like the 641s, we agree on the max and a viable option would be to have the CG approve the pled spec.

Assuming the course of action above, we'd just have to litigate the max on the 793s. You all would have to make a decision about going forward on the 104 and the greater 793 and 1030 offenses, but this could reasonably put us in a position where we are left with only a sentencing case in February. I will look forward to your thoughts.

Thanks,
Josh

David,

There will be no need for a cell phone. They will have a phone with speaker available. We still have not heard back about Monday and are continuing to work on having him there Monday.

We coordinated with the SRT and unit, and based on the timing of the request and this being a Holiday weekend, the command cannot support a meeting on Wednesday or Friday. MAJ Hurley,

Please see attached MOU version 2. After coordination with DA, we updated some areas and provided specificity in others. Also, I thought the original MOU was for the government counsel, along with systems experts, to visit the facility and determine the capabilities, as discussed on the record. With that being said, this MOU should work so long as all parties agree to the final version.

If OMC does not have a dedicated SIPRNET computer, as outlined in the MOU, then the prosecution can assist with obtaining one.

I am cc'ing the trial counsel on this message. Our practice is not to conduct interviews with opposing counsel present. Mr. Coombs,

Can you please confirm you and trail counsel have agreed to conduct this interview with Dr. Richardson without the participation of trail counsel?

I was not privy to the conversations you had with LCDR Eichenmuller and we can't tell from the email strings if this was arrangement you and trial counsel previously agreed to, so please help us confirm.

Thank you for your prompt confirmation.

Mr. Mosher,

I am cc'ing the trial counsel on this message. Our practice is not to conduct interviews with opposing counsel present. MAJ Fein will confirm that Dr. Richardson should speak with me without having him or any other trial counsel present. The same would be true if Dr. Richardson was being interviewed by the trial counsel; the defense counsel would not be present.

Please let me know if you have any questions.

We coordinated with the SRT and unit, and based on the timing of the request and this being a Holiday weekend, the command cannot support a meeting on Wednesday or Friday. The command still has not even heard back from the interagency group to coordinate movement off-post. We can assist with you meeting him at his facility if you would like to do, in lieu of Fort Meade.

David,

As you likely just saw- I emailed CWO4 Averhart at both his USMC and USN email addresses. This is the most successful method we have to communicate with him. As for LTC Russell, we have had problems communicating with him and assume it is because he is at GTMO. We are using the same contact information you have. Once we confirm contact, we will send the information we have.

David,

As you likely just saw- I emailed CWO4 Averhart at both his USMC and USN email addresses. This is the most successful method we have to communicate with him. As for LTC Russell, we have had problems communicating with him and assume it is because he is at GTMO. We are using the same contact information you have. Once we confirm contact, we will send the information we have.

David,

As previously stated- if the defense is requesting something from the Court, then the defense should be the one motioning the Court for relief. This is no different than the position the defense took on 15 August 2012 when the prosecution could not discuss mental health issues with the government and defense witnesses, without the prosecution motioning the Court, which is specifically what the defense stated via email.

Finally, the defense is in a position to obtain a waiver, which should be faster than involving the Court for an issue that should not require the Court's action, especially considering the defense wants to interview him before Thanksgiving.

Ashden,

Dr. Richardson is a Government witness. I do not need my client to sign a release for a Government witness. Please provide the Court with an amended order so that I can interview him in advance of his testimony.
Incidentally, Dr. Richardson's position appears to be that he only needs to answer questions of the trial counsel per the Court's Order. Presumably this means that he believes he does not have testify in Court absent a separate Court Order or a HIPPA release. Clearly this position is not workable. Please take care of this tomorrow so that I can interview him prior to Thanksgiving.

David,

I will be able to obtain the contact information for CWO4 Averhart tomorrow when the paralegals get back to the office. As for CAPT Richardson, it would probably be faster for the defense to either file your own request with the Court for the amendment, which we will not object to, or obtain a HIPPA release from your client, which is what the USN originally required months ago.

Can you provide an email and an alternate number for CWO4 Averhart? I have tried contacting him at different times during the day and on various days during the week. Unfortunately, the (707) number that I have been given just keeps ringing with no ability to leave a message.

Additionally, I just got off the phone with LCDR Eichenmuller. She informed me that she spoke to CPT Von Elten about the Defense's ability to interview Capt. Richardson, and the need for either a HIPPA release or the addition of "defense counsel" to the Court's Order. If you intend to call Capt. (R) Richardson telephonically, please request the Court to amend its Order to

reflect a requirement to speak with defense counsel. I would like to arrange a call with Capt. (R) Richardson on either Monday or Tuesday.

I have included LCDR Eichenmuller and Mr. Hill on this email. The amended Court Order (if you calling Capt. (R) Richardson) will need to be sent to Mr. Hill in order for him to coordinate a defense interview. Let me know if you have any questions.

Ashden,

As an additional possible backup if Wednesday does not work, can we also explore having PFC Manning brought on Friday, 23 November at 1330? Once we know if Wednesday is an option or not, I can tell you whether Friday or the following Monday would work best for the Defense.

Best,
David

Ashden,

Can you provide an email and an alternate number for CWO4 Averhart? I have tried contacting him at different times during the day and on various days during the week. Unfortunately, the (707) number that I have been given just keeps ringing with no ability to leave a message.

Additionally, I just got off the phone with LCDR Eichenmuller. She informed me that she spoke to CPT Von Elten about the Defense's ability to interview Capt. Richardson, and the need for either a HIPPA release or the addition of "defense counsel" to the Court's Order. If you intend to call Capt. (R) Richardson telephonically, please request the Court to amend its Order to reflect a requirement to speak with defense counsel. I would like to arrange a call with Capt. (R) Richardson on either Monday or Tuesday.

I have included LCDR Eichenmuller and Mr. Hill on this email. The amended Court Order (if you calling Capt. (R) Richardson) will need to be sent to Mr. Hill in order for him to coordinate a defense interview. Let me know if you have any questions.

Ma'am,

1. Attached is a Government motion for leave for the government filing of a motion to compel reciprocal discovery.

2. Earlier today, the Government sent, via SIPR email, to the Court, defense security expert for the defense team, and Court security officer a copy of the classified protective order signed by the Court last week (AE 381).

3. Witness Coordination. The United States requests the defense, as the moving party, provide a planned order of testimony for the below 14 defense witnesses for the Article 13 motion no later than 1400 hours on Monday, 19 November 2012. This will allow the United States to finalize each witnesses travel through DTS before Thanksgiving and have the appropriate defense witnesses ready to testify on the first day of the hearing on Tuesday, 27 November 2012 and the others traveling according to the proposed schedule. This will also allow the United States to plan for its 10 other witnesses' travel later in the week.

Gents. Understanding Dave is traveling today- are you available tonight to discuss possible ways forward with the mixed plea and not having a conditional plea? We have a filing due tomorrow on our position and I would like us to chat about it before we launch with a position or recommendation.

Thanks.

Ma'am,

1. Attached is a Government motion for leave for the government filing of a motion to compel reciprocal discovery.

2. Earlier today, the Government sent, via SIPR email, to the Court, defense security expert for the defense team, and Court security officer a copy of the classified protective order signed by the Court last week (AE 38I).

3. Witness Coordination. The United States requests the defense, as the moving party, provide a planned order of testimony for the below 14 defense witnesses for the Article 13 motion no later than 1400 hours on Monday, 19 November 2012. This will allow the United States to finalize each witnesses travel through DTS before Thanksgiving and have the appropriate defense witnesses ready to testify on the first day of the hearing on Tuesday, 27 November 2012 and the others traveling according to the proposed schedule. This will also allow the United States to plan for its 10 other witnesses' travel later in the week.

Also, can the conference room in the MWR building (Community Center next to the Bowling Alley) on Fort Myer be added as an approved location for the discussion and review of documents classified at the SECRET level and below? According to Mr. Hall, the former Chief of the Security Intel branche at Fort Myer, that room is accredited for such use and, indeed, is often used for such.

It is my understand from Mr. Boardman, who just spoke with Mr. Hall, that the defense would rather us deliver the material to Mr. Hall's office tomorrow at 1000. We will plan on being there at 1000, assuming the CG appointment still occurs and he approves the proposed action. Please let us know whether this is inaccurate. Thank you.

Josh and Defense Team,

We are preparing to deliver the classified material to your location; however we realized that the address you gave (INSCOM Metro Park) is not an authorized location for classified material at any level. The Convening Authority's approval memo lists Mr. Hall's office at INSCOM HQ, Fort Belvoir, VA as a location, along with the TDS offices at Fort Belvoir, Fort Meade, Fort Myer, MAJ Hurley's office, NWC, and the courthouse at Fort Meade. Knowing now that Mr. Hall's office is at Metro Park, we can update the location and present this action to the convening authority today. We already have an appointment scheduled, but it is at 1600.

In the meantime, would you like us to deliver the material, except the SCI information to the Fort Belvoir TDS office at 1330? We can have Mr. Boardman meet you at the TDS office, if you still want to review the information today, before the convening authority acts.

Josh,

Based on the current protective order and GCMCA approval of government facilities, the MWR facility is not authorized to hold classified information, therefore we cannot bring the classified damage assessments to that location. Both the TDS office at Myer and MAJ Hurley's office are approved for classified information.

Please provide an alternate location and we will try to deliver the two documents for your read and return; however it is already 1700 the day before and we might have a problem coordinating any delivery this late.

As far as OMC is concerned, can we be more specific? What do you and your people want to see and, as important, what is the Government willing to do? (For instance, would you ever allow for storage over here at a higher-than-secret level?) I am happy to continue this discussion over SIPRNET if that is the appropriate venue.

505(h). We anticipate that we will meet with our experts on 25 September 2012 at some location on Fort Myer for another purpose. Will that meeting (two weeks hence) be timely? Or should we coordinate something sooner?

Thanks.

Defense,

Good afternoon. Please see below.

1. OMC Office. We are ready to finalize the coordination to conduct a site survey of the OMC offices for use of SIPRNET and storage of certain classified information. Please provide the proposed dates and times for later this week so we can coordinate with those attending and can work with security offices to ensure everyone has the appropriate clearances.

2. MRE 505(h) notice. As per the agreed upon procedure for providing specificity with the MRE 505(h) notice, we are available to make a copy of the damage assessments available for inspection so that you may mark the information which you intend to use at trial. Please let us know when you would like to meet with your security experts present, and we will have a copy brought to an appropriate government facility for the marking.

3. Diplomat Visit. We were informed last week, that a German parliamentarian requested the German Ambassador's assistance to coordinate a meeting with your client. We do not know who would be visiting or the purpose of the visit. If this German government official was to visit, could you please let us know whether your client would add him/her to his visitor's list. We owe a response to the appropriate authorities.

Thank you.

Josh and Defense Team,

We are preparing to deliver the classified material to your location; however we realized that the address you gave (INSCOM Metro Park) is not an authorized location for classified material at any level. The Convening Authority's approval memo lists Mr. Hall's office at INSCOM HQ, Fort Belvoir, VA as a location, along with the TDS offices at Fort Belvoir, Fort Meade, Fort Myer, MAJ Hurley's office, NWC, and the courthouse at Fort Meade. Knowing now that Mr. Hall's office is at Metro Park, we can update the location and present this action to the convening authority today. We already have an appointment scheduled, but it is at 1600.

In the meantime, would you like us to deliver the material, except the SCI

information to the Fort Belvoir TDS office at 1330? We can have Mr. Boardman meet you at the TDS office, if you still want to review the information today, before the convening authority acts.

Josh,

Based on the current protective order and GCMCA approval of government facilities, the MWR facility is not authorized to hold classified information, therefore we cannot bring the classified damage assessments to that location. Both the TDS office at Myer and MAJ Hurley's office are approved for classified information.

Please provide an alternate location and we will try to deliver the two documents for your read and return; however it is already 1700 the day before and we might have a problem coordinating any delivery this late.

The Convening Authority's approval memo lists Mr. Hall's office at INSCOM HQ, Fort Belvoir, VA as a location, along with the TDS offices at Fort Belvoir, Fort Meade, Fort Myer, MAJ Hurley's office, NWC, and the courthouse at Fort Meade. Knowing now that Mr. Hall's office is at Metro Park, we can update the location and present this action to the convening authority today. We already have an appointment scheduled, but it is at 1600.

In the meantime, would you like us to deliver the material, except the SCI information to the Fort Belvoir TDS office at 1330? We can have Mr. Boardman meet you at the TDS office, if you still want to review the information today, before the convening authority acts.

Josh,

Based on the current protective order and GCMCA approval of government facilities, the MWR facility is not authorized to hold classified information, therefore we cannot bring the classified damage assessments to that location. Both the TDS office at Myer and MAJ Hurley's office are approved for classified information.

Please provide an alternate location and we will try to deliver the two documents for your read and return; however it is already 1700 the day before and we might have a problem coordinating any delivery this late.

Josh and Defense Team,

We are preparing to deliver the classified material to your location; however we realized that the address you gave (INSCOM Metro Park) is not an authorized location for classified material at any level. The Convening Authority's approval memo lists Mr. Hall's office at INSCOM HQ, Fort Belvoir, VA as a location, along with the TDS offices at Fort Belvoir, Fort Meade, Fort Myer, MAJ Hurley's office, NWC, and the courthouse at Fort Meade. Knowing now that Mr. Hall's office is at Metro Park, we can update the location and present this action to the convening authority today. We already have an appointment scheduled, but it is at 1600.

In the meantime, would you like us to deliver the material, except the SCI information to the Fort Belvoir TDS office at 1330? We can have Mr. Boardman meet you at the TDS office, if you still want to review the information today, before the convening authority acts.

Good afternoon. Please see below.

1. OMC Office. We are ready to finalize the coordination to conduct a site survey of the OMC offices for use of SIPRNET and storage of certain classified information. Please provide the proposed dates and times for later this week so we can coordinate with those attending and can work with security offices to ensure everyone has the appropriate clearances.

2. MRE 505(h) notice. As per the agreed upon procedure for providing specificity with the MRE 505(h) notice, we are available to make a copy of the damage assessments available for inspection so that you may mark the information which you intend to use at trial. Please let us know when you would like to meet with your security experts present, and we will have a copy brought to an appropriate government facility for the marking.

3. Diplomat Visit. We were informed last week, that a German parliamentarian requested the German Ambassador's assistance to coordinate a meeting with your client. We do not know who would be visiting or the purpose of the visit. If this German government official was to visit, could you please let us know whether your client would add him/her to his visitor's list. We owe a response to the appropriate authorities.

Thank you.

Defense,

Good afternoon. Please see below.

1. OMC Office. We are ready to finalize the coordination to conduct a site survey of the OMC offices for use of SIPRNET and storage of certain classified information. Please provide the proposed dates and times for later this week so we can coordinate with those attending and can work with security offices to ensure everyone has the appropriate clearances.

2. MRE 505(h) notice. As per the agreed upon procedure for providing specificity with the MRE 505(h) notice, we are available to make a copy of the damage assessments available for inspection so that you may mark the information which you intend to use at trial. Please let us know when you would like to meet with your security experts present, and we will have a copy brought to an appropriate government facility for the marking.

3. Diplomat Visit. We were informed last week, that a German parliamentarian requested the German Ambassador's assistance to coordinate a meeting with your client. We do not know who would be visiting or the purpose of the visit. If this German government official was to visit, could you please let us know whether your client would add him/her to his visitor's list. We owe a response to the appropriate authorities.

Thank you.

Can you please provide a update on two issues?

1. What is the status on getting the MWR building added to the protective order?
2. What is the status on the Defense request for Pelican briefs?

Thanks,

We will work the change for Mr. Hall's office for today's appointment. We will start processing the request for the MWR building after we get with the Garrison security folks, albeit Mr. Hall was the chief there in his prior job.

1000 is my understanding , as well.

Also, can the conference room in the MWR building (Community Center next to the Bowling Alley) on Fort Myer be added as an approved location for the discussion and review of documents classified at the SECRET level and below? According to Mr. Hall, the former Chief of the Security Intel branche at Fort Myer, that room is accredited for such use and, indeed, is often used for such.

It is my understand from Mr. Boardman, who just spoke with Mr. Hall, that the defense would rather us deliver the material to Mr. Hall's office tomorrow at 1000. We will plan on being there at 1000, assuming the CG appointment still occurs and he approves the proposed action. Please let us know whether this is inaccurate. Thank you.

Josh and Defense Team,

We are preparing to deliver the classified material to your location; however we realized that the address you gave (INSCOM Metro Park) is not an authorized location for classified material at any level. The Convening Authority's approval memo lists Mr. Hall's office at INSCOM HQ, Fort Belvoir, VA as a location, along with the TDS offices at Fort Belvoir, Fort Meade, Fort Myer, MAJ Hurley's office, NWC, and the courthouse at Fort Meade. Knowing now that Mr. Hall's office is at Metro Park, we can update the location and present this action to the convening authority today. We already have an appointment scheduled, but it is at 1600.

In the meantime, would you like us to deliver the material, except the SCI information to the Fort Belvoir TDS office at 1330? We can have Mr. Boardman meet you at the TDS office, if you still want to review the information today, before the convening authority acts.

Josh,

Based on the current protective order and GCMCA approval of government facilities, the MWR facility is not authorized to hold classified information, therefore we cannot bring the classified damage assessments to that location. Both the TDS office at Myer and MAJ Hurley's office are approved for classified information.

Please provide an alternate location and we will try to deliver the two documents for your read and return; however it is already 1700 the day before and we might have a problem coordinating any delivery this late.

As far as OMC is concerned, can we be more specific? What do you and your people want to see and, as important, what is the Government willing to do? (For instance, would you ever allow for storage over here at a higher-than-secret level?) I am happy to continue this discussion over SIPRNET if that is the appropriate venue.

505(h). We anticipate that we will meet with our experts on 25 September 2012 at some location on Fort Myer for another purpose. Will that meeting (two weeks hence) be timely? Or should we coordinate something sooner?

Thanks.

David,

We are still getting through the email backlog from this past weekend and the beginning of the week. We did provide the defense a copy of the unclassified and redacted filing, at the same time we filed it with the Court. Please see the attached email.

Ashden,

Did the Government provide redacted copies of its 26 October MRE 505(g)(1) and (g)(2) filings? If not, can you tell me why?

Best,
David

David,

The defense has all the medical records we received from the doctors. The produced records from the JRCF are the same as the uploaded files.

Ashden,

The medical records are from Leavenworth and not Kuwait. I thought you also received records from Kuwait. Are these all the records that the Government received in response to the Court's Orders? I could not open the FTP site documents that were uploaded. I just wanted to make sure that the FTP site is the same as the records provided in 00523750 to 00523767. Is that true?

Best
David
